

Welcome to the first Session of Holy Family's Bible Study of the Book of Hebrews

As we begin this journey together, please be sure to bring your Bible to each session.

In our first gathering, we'll take a broad look at the Book of Hebrews—its themes, structure, and purpose—before diving deeper in the weeks to come.

To prepare for our discussion, take some time to reflect on the following questions:

1. Have you ever received a letter or message that changed your life or perspective?
2. What has been your experience reading the New Testament? Any favorite books or stories?
3. When you hear the word “priest,” what thoughts or images come to mind?

We're looking forward to growing in faith and insight together. See you soon!
